newspaper while the Journal or public papers
are being read before the House, or when any
member is speaking in any debate.

Rule 34

Smoking shall not be allowed in the House
while the House is in session.

Proceedings to be Recorded.

Rule 35

The proceedings of the House, when not acting
as a committee of the whole, shall be entered
on the Journal as concisely as possible, care
being taken to detail a true and accurate
account of its proceedings; but every vote of the
House shall be entered on the Journal and a
brief reference to the contents of each petition,
memorial or paper presented to the House
shall also be inserted on the Journal.

Motions.

Rule 36.

No motion shall be debated, until the same
shall have been seconded, and stated by the chair,
Shall be Reduced to Writing if Desired

Rule 37

All motions (except to adjourn, postpone or com-
mit) shall be reduced to writing if desired by
the chair or any member.

Withdrawal of Motion

Rule 38

If no one objects, any motion may be
withdrawn by the mover at any time before
a decision, amendment or ordering of yeas
and nays, except a motion to reconsider,
which shall not be withdrawn without
leave of the House.

When Question is under Debate.

Rule 39 When a question is under debate no motion shall be received, except:

1 To adjourn.
2 To lay on the table.
3 For the previous question.
4 To postpone to a day certain.
5 To Committ.
6 To amend.
7 To postpone indefinitely.

And the several motions shall have precedence in the order in which they herein stand arranged

Motions to commit.

Rule 40 If it be proposed to refer the same subject to a committee of the whole, to a standing committee and to a select committee, they shall be voted on in the order here given.

Motion to Reconsider

Rule 41 When a question has been once determined, either in the affirmative or negative; it shall be in order for any member who voted on the prevailing side to give notice for a reconsideration thereof; but no motion for the reconsideration of any vote shall be in order after a bill, resolution, report, amendment or motion upon which the vote was taken, shall have gone out of the possession of the House; nor shall any motion for reconsideration be in order, unless made on the same day on which the vote was taken, or within the next succeding day of actual session of the House thereafter. And no such bill, resolution, message, report, amendment or motion, shall be taken out of the possession of the House after such notice is given, until disposed of; but there shall be no reconsideration of a vote to indefinitely postpone.

Cannot be Debated

Rule 42 A motion to adjourn shall always be in order; that, and a motion to lay on the table, and for the previous question shall be decided without debate.

The previous Question.

Rule 43 Any member may move the previous question, and if it be seconded by three other members, the previous question shall be put in this form: "Shall the main question be put" The object of this motion is to bring the House to a vote on the pending question without further discussion, and if the motion fails, the discussion may proceed the same as if the motion had not been made; if carried, all debate shall cease, and the Speaker shall immediatly put the main question to a vote first on proposed amendments in their order, and then on the main question, without debate or further amendment; provided that a motion to adjourn, and a call of the House shall each be in order after the "previous question" has been sustained, and before the main question is put, but no other motion or call shall be in order, except to receive the report of the Serg't-at-arms or to dispense with the proceedings under the call; and all motions and proceedings authorized by this rule shall be decided without debate, whether on appeal or otherwise.

Committee of the Whole.

Rules of House to be observed.

Rule 44 The rules of the House shall be observed in the committee of the whole so far as they may be applicable, except that the yeas and nays shall not be taken nor the previous question allowed, and there shall be no limit to the number of speeches.

Motion to Rise.

Rule 45 A motion that the committee rise shall always be in order and shall be decided without debate.

Memorials to Congress

Rule 46 Memorials to Congress or the President of the United States shall be considered in committee of the whole before being adopted.

Filling Blanks

Rule 47 In filling up blanks the largest sum and the longest time shall be put first.

Division of Question

Rule 48 Any member may call for a division of the question, which shall be divided if it comprehend propositions in substance so distinct that, one being taken away, a substantive proposition shall remain for the decision of the House. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out being lost, shall preclude neither amendment nor a motion to strike out and insert.

Call for the Ayes And Noes

Rule 49 When a question is being taken, or about to be taken, it shall be competent for any member to call for the ayes and noes, which shall be entered on the Journal, and the names of the members shall be called in alphabetical order as printed on the slips for the use of the Chief Clerk.

Shall Vote Unless Excused

Rule 50 Every member shall vote who may be within the bar of the House when the question is put, unless for special reasons he be excused. A motion to excuse a member from voting shall be made before the call of the ayes and noes is commenced, and any member wishing to be excused from voting may briefly and pertinently explain his reason therefor; but when the ayes and noes are being taken the call shall not be interrupted for any purpose whatever.

Protest Against Action of the House.

Rule 51 It shall be in order for any member or members to protest against the action of the House and have such protest entered in the Journal.

Messages — How sent to the Senate.

Rule 52 Messages shall be sent to the Senate by the assistant chief clerk, sergeant-at-arms or messenger, the chief clerk having previously endorsed the final determination of the House thereon.

Rule 53 Messages — How Received.

Messages may be received in any State of business except when a question is being put, while the yeas and nays are being called, or while the ballots are being taken.

Rule 54 No person shall be admitted within the bar of the House except the Federal and State officers, members of congress, those who have been members of congress, the Senate and members of the House of Representatives, except by special invitation on the part of the House; but a majority may authorize the Speaker to have the House cleared of all such persons.

Removal of Officers

Rule 55 Two-thirds of all the members of the House voting for the removal of the Speaker or any officer of the House shall be sufficient to vacate the chair or such office as the case may be.

Appeals.

Rule 56. A majority of all the votes of the members present shall be sufficient to sustain an appeal from the decision of the Speaker.

Clearing the House.

Rule 57 In case of any disturbance or disorderly conduct in the lobby or any part of the House when in session, the Speaker shall have power to order the same cleared.

Additional Duty of Officers

Rule 58 All clerks and other officers of the House, in addition to their ordinary duties, shall perform such other labor as may be required of them by the Speaker.

Restrictions upon Members

Rule 59 No member shall be recognized by the chair or be allowed to vote when such member is at the time outside of the bar of the House, and no member or other person shall remain by the clerk's table while the ayes and noes are being called.

Call of the House.

Rule 60 A call of the House shall only be ordered or a vote taken thereon upon the demand of five members, one making the motion and four seconding the same by rising. Upon a call of the House the names of the members shall be called over by the clerk and the absentees noted; after which the names of the absentees shall again be called over. The doors shall then be shut and those for whom no excuse or sufficient excuse are made may, by order of those present, be taken into custody as they appear or may be sent for and taken into custody by the sergeant-at-arms, wherever to be found, or by a special messenger to be appointed for that purpose.

Parliamentary Practice.

Rule 61 The rules of parliamentary practice comprised in Cushing's Manual shall govern the House in all cases to which they are applicable and in which they are not inconsistent with these rules and the orders of the House and the joint rules and orders of the Senate and House of Representatives.

Suspension of Rules

Rule 62 No standing rule of the House shall be rescinded, changed or suspended except by a vote of at least two-thirds of the members present.

Rule 6. Every bill joint resolution or memorial which shall have passed both Houses, shall then be duly enrolled by the enrolling clerk of the House in which it originated. It shall then be referred to the committee on enrolling who shall carefully examine it, compare it with the engrossed bill, and any amendment or amendments that may have been passed after it was engrossed, and shall correct any errors that may appear in it. They shall then report the result of such examination to the House in which the bill, joint resolution or memorial originated.

Rule 7 After an examination and report each bill shall be signed, first by the Speaker of the House of Representatives, or by the Speaker elected or appointed Pro-tem., then by the President of the Senate or by the President elected or appointed Pro tem.;

Rule 8 When a bill, joint resolution or memorial shall have been thus signed, the recording officer shall endorse on the back thereof a certificate specifying in which House the same originated. It shall then be presented by the committee to the Governor of the State for his approval. After having performed this duty the committee shall report to the House in which the paper originated, the day and hour of presentation to the Governor; which facts shall be entered upon the Journal of said House. Said committee is further empowered to report at any time to either House any matter committed to it.

Rule 9 When a bill joint resolution or memorial which shall have been passed in one House shall be rejected by the other, notice thereof

STATE OF WYOMING.

shall be given to the House in which the same shall have been passed.

Rule 10 When a bill joint resolution or memorial which has been passed in one House shall be rejected by the other, it shall not be brought in again during the same session without a notice of three days, and leave of a majority of that house in which it shall be renewed; but the same bill joint resolution or memorial shall not be presented more than twice in either House.

Rule 11 Each House shall transmit to the other House all papers on which any bills, joint resolutions or memorials shall be founded.

Rule 12 No bills joint resolutions or memorials that shall have passed the House of Representatives and Senate shall be presented to the Governor for his approval on last two days of the session, except appropriation bills.

Rule 13 When any bill joint resolution or memorial shall be introduced in on House, notice thereof shall be immediatly transmitted to the other House

Rule 14 No bills except appropriation bills, shall be introduced in either House after the fiftieth day of the session, except by consent of a quorum of the House in which the bill originated.

Rule 15 Neither House shall adjourn for more than three consecutive days during the session, without the consent of the other House thereto.

Rule 16 Any standing committee of the Senate acting with the corresponding committee of the House may by a vote of the two Houses act together on a joint committee for the preparation and introduction of bills of general interest and such bills may be introduced simultaneously in both Houses.

On motion of Mr Merrill the foregoing Rules were adopted.

Mr Baker moved that the chief clerk be instructed to procure copies of the printed Rules of the 11th Legislature Assembly, and correct the same in writing to conform with the rules adopted by this House, and supply the members therewith Lost

Recess taken to two O'Clock P.M.

House reconvened at two O'Clock P.M.
Mr Speaker in the Chair.
The following Message was received from His Excellency the Governor.

Gentlemen of the Senate
and House of Representatives

The Constitution of Wyoming, in defining the duties of the Governor, provides that at the commencement of each session he shall communicate to the Legislature by message information of the condition of the State and recommend such measures as shall be deemed expedient

Congress has conferred upon Wyoming statehood and it is the privilege of its citizens for the first time to assume entire control of their own affairs. They are to be congratulated upon so auspicious an occasion as no less the Union which has acquired a commonwealth of such resources and great promise

To your honorable body has been delegated the

law-making power, and it is expected that you will proceed promptly and wisely to enact such Legislation as will most successfully complete the organization of the new State government. It is in your power to achieve for the First State Legislature Assembly a high and honorable place in the history of Wyoming; and the people, who have reposed their confidence in your patriotism and ability, believe that you will take advantage of this great opportunity by enacting for their benefit wise and just laws.

United States Senators.

Among the first and most important duties, after the organization of this assembly, will be the election of two United States Senators. In the selection of two citizens of your State for these eminent positions, I trust your deliberations may be harmonious and such as will result in the choice of men who will represent the State with distinguished honor and ability.

Legislation.

The established precedent of recommending in detail all necessary and desirable Legislation will be treated with such brevity as the subject will admit. I must, however, first call your attention to the constitution. In this work, ratified by the people will be found, besides the fundamental laws of the State, many suggestions that commend your careful consideration. There are, besides direct demands, a great number of laws recommended, and permission is given to Legislate upon various subjects. The more pressing recommendations you will consider the present session. While those of less importance and more remote may be left for future action.

The laws of Wyoming, embraced in one volume of Revised Statutes of 1887 and the two volumes of sessions laws of 1888 and 1890, need some revision in order to conform to the change from a Territorial condition to that of Statehood. The account of the necessarily brief sessions of the Legislature and the great amount of labor to be performed, now will no doubt need the assistance of the various State departments, and I trust that you may receive their hearty cooperation.

In the matter of offices, it will be necessary to change somewhat from the old Territorial system; but taking into consideration the present financial condition of the State and its growing responsibilities, no unnecessary offices should be created or continued and the salaries and emoluments of all public officials should be reduced to the least possible limit that will procure faithful and efficient service.

Financial.

On September 30th, 1889, there was in the Treasury, according to the Auditor's books, a cash balance of $21443.30

Receipts from September 30th, 1889, to September 30th 1890, $209.601.62 Total $231.044.92

The disbursements from September 30th, 1889, to September 30th, 1890, were $137.013.05 - leaving a cash balance on hand September 30th, 1890, of $94.031.87

The Treasurer's statement shows a balance of something over $2.000. in excess of this amount, that is accounted for by warrants issued by the Auditor not yet presented for payment.

The amount of State indebtedness in Territorial bonds aggregates $230.000. the principal of which falls due in periods ranging from ten to forty years.

There is also a further amount that at present can only be approximated, representing the expenses of Wyoming during the present fiscal year, commencing March 31st, 1890, and remaining unpaid on account of the failure of the Eleventh Territorial Assembly in 1889, to pass a general appropriation bill.

The appropriation bill then under consideration represented a total estimate for twelve months of nearly, $55.000. Add to this the balance due on appropriations made by the laws of 1890, not included in the general appropriation bill, approximately, $11.000.00

Then add fixed charges, interest on bonds, etc, falling due the present fiscal year $14.000.00

Then add extra expenses until the end of that period. For Salaries Judges, Governor and Secretary and increase of Salaries of Auditor, Treasurer and Superintendant of Public Instruction $11.000.00 And we have a total of $91.000.00

This it will be observed, disposes of almost the entire amount at present in the treasury.

When we consider that over $7000.00 of the present balance belongs to the Black Indemnity fund which can be paid only for diseased stock, killed, that about $2.500.00 is in penitentiary and poor house building fund, and that the other balances can be applied only to specific purposes, it will be seen that at the beginning of the fiscal year March 31st, 1891, there will not be anything in the treasury outside the forthcoming taxes already levied for 1890. Unfortunately, the levy for general fund in 1890 is only three mills and the taxes to be collected early in 1891, for the expenses of this coming fiscal year will produce not to exceed $70.000.00

Assuming that the amounts raised in

each case of special levy will provide for the fixed charges, interest on the bonds, etc, for which they were intended, nor will consider the general fund alone (deducting the expenses of the present Legislature, estimated to be $30000.00 from $90,000.00, the tax levy for 1891, there will be on March 31st, 1891, a balance of $60.000.00. Taking the general appropriation bill on the basis of the one proposed by the last Assembly of $55,000,00 together with the appropriations provided for by the laws of 1890 of $11.000.00, and including the increase of salaries for some State officers and entire salaries of others now established, of $26.000.00 and there is an aggregate liability of $92.000.00. Deducting the tax levy from this amount there would be a deficiency of about $32.000.00. When the Salaries and expenses of officers already established are paid, there will remain no margin out of which to pay newly created offices, not for other purposes than those already mentioned and which may be deemed the fixed running and Contingent State expenses. The Legislature may however, conclude to authorize the use, during the fiscal year commencing '91, of some portion of the taxes levied for '91 but which, under the present laws are not available until early in '92.

A limited revenue is now derived from the sale of mavericks, insurance companies fees and officers fees, and under the provisions of the new constitution, the State may receive something from interest on public deposits, all of which can go into the general fund.

The University will, doubtless, succeed in obtaining $15.000.00 from the United States Government for the present year on account of agricultural college appropriation

made by Congress, and the State will also receive 5% of the net cash receipts for United States lands sold in Wyoming, but no part of this income enters into the general fund of the State.

The forgoing estimates will vary somewhat. For instance, the keeping and transportation of convicts will henceforth be considerably more than estimated; but the average or aggregate sums will be very close to amount stated.

In account of the showing thus made, it is to be regretted that the levy of this year for general purposes was not up to the Constitutional limit of four mills.

The total general and special levy of 1889 for Territorial purposes amounted to six and three tenth mills, and for the present year about four and one eighth mills a very marked reduction.

Funds Needed.

The necessity of raising revenue for the incoming year is perhaps greater than it will be for a number of years for the following reasons:-

First. The constitution provides that the first Legislative Assembly may be in session sixty days while succeeding Legislatures are limited to forty days.

Second. As the World's Columbian Exposition will be held in Chicago in 1893, and the next Legislature will not meet until January of that year, it is important that provision be made during the present session of the Legislative assembly if the State is to be represented.

Third. The act of Congress admitting Wyoming donates 622.000 acres of land for public buildings and other purposes, to be selected by Agents of the State.

The value of these lands depends very largely upon the promptness and diligence with which they are selected: and as funds must be provided for land office fees, and expenses incident to their location, there should be no delay. The same observations apply to the lands due the State in lieu of school sections already disposed of as mineral lands.

In view of the facts above set forth and the necessity of carrying out the provisions of the constitution, it will be incumbent upon the Legislature to exercise the utmost care and economy in all matters of appropriations, at least until the assessed valuation of the State increases. This will soon come. It is better to dispense with some offices, provide moderate salaries for the present, and to avoid new investments and expenses, rather than to become fettered by indebtedness, thereby discouraging Immigration and investment of capital within our limits; by resorting to extreme measures for obtaining revenues.

Counties Indebted to State;

The Auditor's and Treasurer's books, to which I ask your attention, show certain delinquencies from the counties in the State prior to 1890, amounting to $13,661.41. These amounts if correct, ought to be collected without delay, or if any portion is incorrect, legislation looking to adjustment should be provided and the books balanced between the State and counties for past years. All of the counties should take pride in having their affairs on a solvent and clean condition and as far as possible be relieved from any apparent condition of delinquency.

Balances

There should be a disposition made on the Treasurer's and Auditor's books of unused

balances in various funds. Such as will not be needed to cancel accruing indebtness can be credited to the general fund. It has been the custom for the committee appointed to examine the Auditor's and Treasurer's books, to do this at stated intervals.

Certificates Of Indebtness.

The certificates of indebtness issued by the Auditor prior to September 30th 1890, on account of the failure of the last Legislature to pass the annual appropriation bill, amount to $15,933.07. Of this amount certificates for $9,637.57 have been presented to the Treasurer and endorsed by him "Not paid for want of appropriation." These certificates do not represent the total outstanding liability resulting from the failure to pass the appropriation bill, as some claims have not been presented. The law provides for issuing certificates of indebtness in certain cases but does not seem to compel endorsement, and the Auditor's report exhibits several accounts that do not come under the provisions of the law. For instance, while the contingent fund heretofore allowed the Auditor's office has not exceeded $400 per annum, the amount of certificates issued up to the end of the second quarter of the present fiscal year and charged to that account was $2,146. Since that report there has been an additional sum of $2,400 charged to the same account, covering the total amount of certificates for Auditor's contingent $4,546. issued in the 6¼ months last past. Some of these certificates are issued for labor performed or supplies furnished prior to the present year and commencing as far back as 1886, notwithstanding the law. Sec. 1704 Rev. Stat. provides that "Persons having claims" "against the territory shall exhibit the same, with the evidence in support thereof, to the Auditor, to be audited, settled and allowed, within

one year after such claim shall accrue, and not afterwards.

Official Reports

With this message are transmitted the reports for the year ending September 30th 1891, of the various Territorial or State officers.

The Treasurer's report exhibits a clear statement of the receipts, disbursements and balances, and the objects for which public money has been expended.

The Auditor's report, contains information regarding our finances and valuations of Railroad, Telegraph and other property properly classified.

No report from the Ex-Officio Insurance Commissioner has been received.

The State Engineer regrets the failure of the last Legislature to make appropriations to carry on hydrographic work and the consequent embarrassment to the progress of irrigation in Wyoming. The amount expended out of private funds is set forth in the Engineer's report, to which your early attention is directed. The Government has manifested great interest in the subject of irrigation during the past year and frequent requests from Washington for information have been received by various officers of the State.

In the opinion of the Engineer, the expenses of recording water statements and other irrigation work should be lessened, and better regulations adopted for the adjudication of water rights. The United States and lands, he thinks, should be transferred to the State for irrigation and reclamation. There are many reasons to support this proposition and I trust the Legislature will embody them in a strong memorial to Congress on the subject. In the

and that such lands may be transfered to the State.

The Geologist presents, in a report, the result of his work for the past year. He believes that the offices of Geologist and ~~Mine~~ Inspector of Mines should not be held by the same person. If the two offices are merged into one, a deputy will be necessary. A further recommendation is made that a chemical assistant be provided as soon as the State can afford it, allowing fees for analyses and other scientific work. After the first one or two years, the fees ought to be sufficient to pay the salary of the chemist.

The Coal Inspector in presenting his annual report, marks reference to Sec. 1608 of the Revised Statutes, and cites its application to owners of coal mines, who, under its provisions need not report to the Inspector until January 1st. While the coal Inspector is called to report to the Governor three months before that time. This error should be corrected. The Inspector believes the offices of Geologist and Coal Mining Inspector are incompatiable, and that one man cannot successfully hold both offices.

The State Veterinarian treats of various interesting subjects concerning live stock. He reports fewer animals lost from eating loco than in 1889, and believes the total to be less than 100 head. A few horses have died of cerebro spinal and spinal meningitis. This disease yealds to treatment, and the aggregate loss, when the number of horses in Wyoming is considered, is very inconsiderable. No other diseases of live stock are reported. As to the matter of quarantine and the introduction of southern cattle, out of some 90,000 head of Texas

cattle brought to Wyoming from south of the 37th parallel, no outbreak of Texas fever has resulted. The Veterinarian recommends the retention of protective regulations by proclamation as cases may require.

The Live Stock Commission have not reported.

The Commissioners of Pharmacy have made no report.

The official Stenographer calls attention to the duties of that office, the emoluments allowed, the increasing numbers of counties and courts, and submits, in closing a copy of the present law governing the office of Stenographer, and some general observations by eminent Jurist on the utility of Stenography in the Courts.

The Attorney General's report is presented containing information concerning that office.

The State Librarian has filed a full account of the transactions in that department, and also of the Superintendent of Public Instruction. More shelving is recommended for the library rooms, many of the books being stored in the third floor of the of the Capitol. Where they are not seen or used. While considering this office, your attention is respectfully directed to the necessity of Legislation defining the duties of State Superintendent of Public Instruction, of having a librarian in attendance at the law library, and the duties connected with the various land grants of the State.

The Fish Commissioner has a full report on the condition of his department, with recommendations for further expenditures and management. He suggests that there be a special car provided for the transportation of young fish, that a portion of the land now owned be sold, and that a branch fish hatchery be established

at Sundance. The amount of eggs taken from the Wyoming hatchery is said to be exceeded only by one or two of the oldest hatcheries in the United States.

The report of the Poor Asylum Building Commission shows a balance in that fund, over all liabilities, of $321.39. The poor farm is estimated to be worth $7,000.00 being an increase of $2,000.00, over the amount paid by the Territory. The State has no permanent class of paupers, and the farm is rented for $300 p. per annum.

The Board of Trustees for the Deaf, Dumb and Blind Institute present a report. Under present laws, there being an insufficient number of this unfortunate class to open a school, the Trustees have rented out the building in order to secure it proper care. The Board ask a small appropriation to pay for insurance and suggest a further appropriation for opening and maintaining a school, believing there are pupils enough to justify it. Certain amendments to existing laws are also recommended.

No report had yet been received from the Board of Penitentiary Building Commissioners. The regular Board of Penitentiary Commissioners have made their report, showing the number of Wyoming convicts at Illinois State Penitentiary on Sept 30, 1890 to be 81. Insane convicts at Jacksonville Ill. 2. Juvenile Delinquents at Golden Colo 8 Convicts at Buffalo, Johnson County. Total 92.

The Board recommend that the Illinois State Penitentiary be continued as the prison for Wyoming State convicts until at least the expiration of the present contract, which terminates January 19th, 1893 about the time the Second State Legislature will convene. An appropriation of $30.000.00

for the ensuing two years for transportation of convicts and Juvenile delinquents, and a contingent fund of $2,500.00 for the use of the Commission is asked for.

The Trustees of the University, in a very full report, note the progress of that institution and recommend and expenditure in the next two years of $9.000.00 in addition to the regular ½ mill tax annualy levied. The Board also suggest the necessity of a dormitory and boarding hall. A desire is expressed for the United States appropriations, payble annually, for agricultural and mechanical college, and it is confidently claimed that the University can provide the necessary instruction to earn and entitle it to the full amount of appropriations granted by the United States.

The Board of Visitors of the University were not requested to make a report.

The Commissioners of the Insane Asylum mention a deficiat in their finances, at the commencement of the present fiscal year, of $ 718.98 and a indebtness due the institution from eight different counties, amounting to $3. 036.04.

The number of patients in the asylum at the end of the last quarter was 23, 14 males and 9 females. To this number will shortly be added the insane of Albany County; also one or two insane convicts committed by the Board of Penitentiary Commissioners.

The entire number of insane belonging to the State is believed to be about 40, a very small percentage compared with other States. The Superintendent asks for an appropriation with which to fence the farm of 160 acres, stock it with necessary work horses, milch cows and farming utensils, and

do pipe water to the asylum.

Undoubtly, there ~~is~~ would add much to the utility of the asylum and reduce the cost of maintaining its inmates. From statements submitted by the Superintendent, the cost is now nearly as low as has heretofore been charged in eastern asylums, and when transportation is considered, it is as economical to care for patients in the State as to send them away. When all the State patients are provided for in the asylum, the cost per diem for each, will be considerably reduced.

The suggestion is made that the Laramie Asylum shall be supported by the State rather than by having each county pay for the care of its own patients. I cannot approve of this at present, because, with constitutional restrictions limiting taxation and the responsibilities of the State, it is impracticable to support another institution, the expense of which must be borne from the ordinary State revenue. It is as fair for each county to provide for its indigent insane as for its poor and paupers, and it costs the tax payer no more in his county tax than if it were a State tax. There is, at present, no regularly established procedure for adjudging parties insane, or restricting the expense of taking them to the asylum. The Counties have better facilities for controlling such contingent expenses than the State. With convicts duly tried and sentenced by the court, the matter is quite different.

The Capitol Commissioners report on the general condition of the Capitol building and give a statement of the amount of money received for rental from Laramie County and the United States. They recommend the early planting of shade trees and the permanent introduction of pipes and wires for light-

ing the building with gas and electricity before any work is commenced on grounds or lawns. The present temporary arrangements for lighting are very unsatisfactory and accidents are liable to occur. Your attention is invited to their suggestion, with the hope that they may be adopted.

Laramie Penitentiary

Under the term of Wyoming's admission bill, the U S. Penitentiary at Laramie becomes the property of the State. It is in charge of the U S Marshal., and the prisoners 18 in number are all United States convicts. The matter of receiving and careing for this penitentiary must receive your attention.

Selection of State School Lands.

By Act of Congress, the State is allowed to select, in such manner as the Legislature may provide, with the approval of the Secretary of the Interior, lieu lands, in place of any sections or portions of sections of school lands numbered 16 and 36 in every township, that have been sold or otherwise disposed of by or under authority of any Act of Congress these indemnity lands to be taken in legal subdivisions of not less than one quarter section and as contiguous as may be to the sections in lieu of which the section is taken. Provision ought to be made during the present session for the early selection of these lands, because their value depends largely upon the skill and promptness with which they are located and before the best lands have all been settled upon. Furthermore the lands, could be rented and an immediate revenue derived therefrom for public school purposes.

STATE OF WYOMING.

the making appropriations provision had to be made for the U.S. land office fees which must be paid in cash at time of entry.

Donated Lands.

The law admitting Wyoming gives to the State 632,000 acres, in addition to the 72 sections already selected for the University, from the unappropriated public lands, to be selected and located in legal subdivisions of not less than ¼ sections.

It will probably not be practicable to divide or allot to the different localities or institutions, at this session, but their early selection should be made for reasons given regarding school lands.

Lands for Fish Hatchery

Pursuant to the Act of Congress approved May 28th, 1888. entitled "An Act granting certain lands in the Territory of Wyoming for public purposes." authorizing the Governor to select 640 acres of land for the Fish Hatchery at Laramie, the Executive filed in the Cheyenne land office, November 4th 1890. on Section 26. Township 15 N. R. 73 W. 6th P.M. the entry is approved, title will be vested in the State in due time through the Interior Department. A small appropriation will be necessary to cover expenses for land office and attorneys fees.

Agriculture College Fund.

A recent communication from the honorable Secretary of the Interior called attention to the Act of Congress, approved August 3rd, 1890. entitled "An Act to apply a portion of the proceeds of the public lands to the more complete endowment and support of the colleges for the benefit of agriculture and the mechanic arts established under the provisions

of an Act of Congress, approved July 2nd 1862.
The Act appropriates to each State and Territory
after complying with certain conditions, the sum
of $15.000.00 for the year ending 1890; $16.000.00
for the year ending 1891, and an amount
increased each year by $1.000.00, until it
shall reach $25.000.00 per annum and appropriates
the latter sum for each year thereafter; all to
be applied to the support of a college of agri=
culture and mechanic arts, Providing no
distinction of race, or color is made in the
admission of the students thereto, and that the
State shall assent to the law and purposes
of said grant. The installments are to be
paid, in all cases, to the Treasurer.
I have applied, on the part of Wyoming, for
$15.000.00 to be paid into the State treasury
for the use of the Wyoming University!
The attention of your honorable body is called
to the law on this subject and the appropria=
tion contained therein with the expectation that
you will make such disposition in this matter
as your judgment dictates. It may be advi=
sable not to create a new institution which
will draw appropriations direct from the
State Treasury for erection, establishment or
maintenance, until we shall have recov=
ered from the extraordinary expenses made
necessary at this time by causes mentioned
elsewhere in this message.
The requirement, that the Legislature must
assent to the provisions of the United States law,
in order for the State to avail itself of this fund,
is respectfully called to your notice!

Sale of Certain School Lands.

It is desirable that the State Board of Land
Commissioners be authorized in some instan=
ces to dispose of lands donated to the State.
There are certain sections contiguous to
growing Towns and Cities that ought to be

sold, otherwise they are likely to retard the proper development of many of the larger municipalities. Already numerous parties have settled on these lands, and if they can be sold valuable improvements will be made.

The greater portion of the lands donated to the State, however, should remain unsold, as the general increase in the wealth and population of the state will enhance their valuation.

School Laws.

The constitution authorizes the Legislature to provide for the establishment and maintenance of a complete and uniform system of public instruction, embracing free elementary schools, a University and such other institutions as may be necessary.

Our present school laws are inadequate and call for a thorough revision. It is to be hoped that this subject will receive the most careful and intelligent consideration.

The attention of the Legislature has on several occasions been called to the importance of having better school laws, but they have remained practically the same.

The State Library.

The State is possessed of a valuable law library of over ten thousand volumes, which is provided with ample accommodations in the new Capitol Building. Additions are constantly being made to its shelves in the way of law reports, out of the liberal appropriations that have been made from time to time, but no appropriation has ever been made for the purchase of books of a miscellaneous character. There are many books, such as encyclopedias, standard histories, scientific and political works and valuable text-books, that would add greatly

to the usefulness of the library. I respectfully recommend that an suitable allowances be made for this purpose from the first available funds.

County Library.

The Ninth Legislative Assembly enacted no more beneficial law perhaps than that providing for the maintenance and support of free public libraries by special tax in each of the County seats. There are however several amendments that should be made in order to make the law more effective. Under its provisions the County commissioners are authorized to appoint three trustees, who have direction of the library and its funds; but no term of office is fixed so that the directors can hold their office for an indefinite length of time.

If the law is changed, allowing the commissioners to appoint one trustee every two years, fixing the first terms of office two, four and six years respectively, there would always be at least one member of the board familiar with the duties of the office. This position like many others, is one that women have a peculiar fitness to fill acceptably.

There should also be provision made looking to the permanent location of the libraries in suitable and convenient quarters.

Investment of State Funds.

Under the Act admitting Wyoming, five per cent, of the net cash receipts for United States lands sold in Wyoming are donated to the State; and this amount will be augmented from time to time by the sale of State lands.

The funds, thus accruing, the interest of which only can be expended, must be invested for the benefit of schools. In order to effect the safest possible investment, receive a fair percentage of interest, and keep the money within the State, I recommend that proper legislation be enacted to loan the fund on bond or otherwise, to counties, cities or schools in Wyoming; particularly to such school districts as may desire to bond for the purpose of erecting necessary school buildings.

Taxes Twice a Year.

The Eleventh Territorial Legislative Assembly provided for the payment of taxes in semi annual installments, and that the law should take effect January 1st 1891. The admission of Wyoming and adoption of the Constitution before the stipulated date probably invalidates this law; but, as there is a difference of opinion it would be well to clear up any uncertainty by proper Legislation. Should you adopt the system of payments in October and April, it will be necessary to make some arrangement for the interest on State bonds payable on January first, in each year. The April payment of semi Annual taxes would come three months after the regular January payment of interest.

Militia.

The first Regiment of Wyoming National Guard has now four organized and equipped companies. A fifth has been enlisted and an election of officers and muster already ordered. Companies A, at Laramie; B, at Cheyenne; D, at Buffalo; and C, at Rock Springs, are fully organized and Company B, at

Green River, is already recruited. A Regimental Major and Adjutant have been commissioned and it is hoped one or more new companies will be enlisted before the end of the year. Ordinance, uniforms and equipments are furnished by the National Government, and the only expenses to be borne by the State or militia, will be for armories, encampment and general contingent expenses.

The State is indebted to Major Frank A. Stitzer in a small amount for money advanced for "mustering in" expenses.

Changes in Counties.

The Constitution has provided a way to govern and limit further divisions of the several counties, but provides no method for consolidation of two or more counties into one, or the division of a county, and an annexation of a part to each of two or more of the older counties. While this may not be desired for many years, it is not improbable and should be provided for by statute. I commend this subject to your attention.

Elections.

The Eleventh Legislative Assembly of the Territory, adopted with slight changes what is known as the Australian system of voting. After a trial in the first State election, the law is universally commended as a whole, and with some slight modifications and amendments, which will doubtless be presented to you for adoption, the State will have a system as perfect, perhaps, as that in use in any country.

Apportionment.

It will be your duty to re-apportion the State under the terms of the constitution. I trust there will be an equal and fair division, and that concessions in the number of members will be made by districts having more than their just proportion - if any there be - rather than to unduly increase the whole number of members and Legislative expenses accordingly.

Pardons.

Conforming to the constitution, I have to communicate to you pardons granted as follows:--

Edward J. Lyon - crime, manslaughter; sentenced four years to Joliet - at Oct term of District Court; pardon issued Oct 30th. 1890; reason for pardon, exceptionally good conduct during confinement - with only one month more to serve.

Harry Thomas Hall, (colored) crime, manslaughter; sentenced for four years in the County Jail of Johnson County; pardon issued Oct 30th 1890. on petition of Judge M. C. Saufley and others.

Liquor to Minors.

The law prohibiting the sale of liquor to minors or to habitual drunkards was inadvertantly repealed by the crimes act of 1890. It should be revived and made more effective.

Fires in Mines.

Events of 1889 and 1890 have called attention to the necessity of Legislation to prevent and to punish the willful burning or setting fire to mines or mining buildings and property.

Grand Jury.

The Constitution provides that the Legislature may change regulate and abolish the Grand Jury system. Without recommending the entire abolition of Grand Juries. I suggest that the number of Jurors, their duties, and the Court expenses can doubtless be greatly reduced with safety to that branch of the public service and not embarrass the administration of justice.

Chattel Mortgages.

It has been suggested that the recording of Chattel Mortgages and their foreclosure entails an undue expense, and that a more simple method would accomplish the desired end. A shorter form of mortgage should be provided, which would preserve all safe-guards and very much reduce labor and expense in executing and recording.

World's Columbian Exposition.

This exhibition will be held in Chicago in 1893, and, as the next Legislative Assembly will not meet until that year, it is imperative, if the State is to be represented that you provide by appropriation during the present session for the expenses of Wyoming's exhibit. It is to be regretted that the Exposition occurs so soon after the State's admission. While our revenues are limited, but we are almost compelled to be represented there in order to keep in the front rank with other progressive commonwealths. Appropriations could be less for the coming year than the year following, so that but little money will be taken from the treasury until after present necessities have been

provided for; The commissioners or agents, authorized to disburse the funds, knowing that a new liberal appropriation was made for the second year, would be able to conduct active operations.

We can adopt and forward to Congress a memorial, praying for a commensurate showing on the part of the Government of the wonders of the Yellowstone National Park. As the park is in Wyoming, it should be under the auspices, or connected with, the exhibit made by this State.

Your attention is invited to the reports of State Engineer and Geologist on this subject; also a letter, to the latter, written by Hon Henry G. Hay, one of the Exposition Commissioners for Wyoming.

Public Examiner.

The Constitution permits the appointment of a State Examiner an officer existing in Minnesota, but which has since found favor in several of the States. In the first-mentioned State the public examiner has a supervisory power over banks, Public institutions, County Treasurers, and other offices, by means of which a uniform system of accounting is enforced for all public funds, and safety is insured.

Early Appropriations.

Among the matters for Legislation, requiring your first attention, are appropriations to cover the indebtedness accrued since the commencement of the present fiscal year, — because of the failure to make appropriations by the last Legislature, — also the proper appropriation for your immediate contingent Legislative expenses. The funds are in the treasury and

as many accounts are over-due early action is imperatively demanded.

Conclusion.

In conclusion, I desire to extend thanks to the Territorial and State officers for information furnished me, and to request as a further favor that all will address themselves to the work of assisting the Legislature during its present session, by the preparation and presentation of such matter as may be necessary for our desired success.

I have endeavored to lay before you such recommendations and suggestions as seem to me to be essential at this time to the proper Legislation and Government of the State. Whatever subjects have been omitted, your own observation and judgment will supplement.

I desire to cooperate with the Legislature in all measures beneficial to the State and to extend every assistance in my power.

Francis E. Warren.

In conformity with requirements of Chapter 6, Pages 19 and 20 Session Laws of Wyoming 1890, we have the honor to transmit, herewith, to you the following report for the period of Six months from April first to September thirtieth 1890, inclusive,

For the transporting and maintenance of Territorial and State prisoners at Illinois State Penitentiary, also the State Industrial School, Golden, Colorado, and convicts at Insane Asylum of Jacksonville, Illinois.

Upon entering upon the duties of our office, we found, owing to the failure of the Eleventh Legislature to make appropriation, a deficit of $1344.93 due to Illinois State Penitentiary for keeping of prisoners and transporting of same. Since that time the indebtedness is as follows

Illinois State Penitentiary	$3985.64
Insane Asylum, Jacksonville, Ill.	300.00
State Industrial School, Golden, Colo	758.16
Transportation of Prisoners	2536.20
Contingent Expenses	923.15
Total amount of present indebtedness	$9848.10

We would respectfully recommend, that the appropriation for transporting and maintenance of State prisoners, careing for insane and board and care of Juvenile delinquents for the next two (2) years be thirty thousand dollars, ($30.000.00) Contingent Fund, twenty five hundred dollars ($2500.00

Number of convicts on hand at time of last report, March 31, 1890, Ill. State Penitentiary 77
Number sent to penitentiary 15 Total 92
Discharged 7 Pardoned 4 Total 11.

Number of Convicts at Illinois State penitentiary September 30, 1890.— 81— Iowans convicts at Jacksonville, Ill, Oak Law Reloeat 2— Juvenile Delinquents at State Industrial School, Golden, Colorado, 9— Buffalo, Johnson County, County Jail 1 Total 92

We would further recommend, that the Illinois State penitentiary be continued as the prison for Wyoming State convicts, at least until expiration of present contract — ending January 1st 1893.

State of Wyoming } ss
County of Laramie }

To the Honorable the Speaker of the
House of Representatives of the
First Legislative Assembly of the
State of Wyoming
Cheyenne Wyo.

Sir:
We, the undersigned, being a majority of the committee elected in accordance with law to examine the accounts and records of W. W. Grant, late Auditor, and having fulfilled the duties required of us, do make the following report:
We find that for the entries appearing in the books of the Auditor, as charged against the State, there are vouchers on file in said office presenting itemized accounts of claims against the State, and in one instance, it being a claim against the State for the sum of Two Hundred

and forty dollars for furniture alleged to have been sold by the Deputy Auditor C. W. Stewart, to W. W. Grant as Auditor, we find that the bill is not properly itemized, and therefore recommend that your honorable body will cause the same to be investigated.

We also find certificates of indebtedness having been issued against the State by the Auditor in his own favor, as well as in the favor of his Deputy, C. W. Stewart, and charged on the books against the Auditor's contingent fund due the Auditor for the last six months, amounting to over Four Thousand Dollars, If not being our province to pass upon the legality of the actions of the Auditor, and the certificates issued, we would therefore recommend that your Honorable body would appoint an investigating committee, and that all the accounts now appearing on file in the Auditor's office against the State of Wyoming, and for which certificates of indebtedness have been issued by W. W. Grant while Auditor, be carefully investigated before any appropriation may be made for the payment of the same.

Dated at Cheyenne Wyo. this 1st day of Jan. A.D. 1890

Respectfully submitted

and Members of the Legislature
Gentlemen,

I am this day in receipt of a certificate, certifying my election by your honorable body to the office of United States Senator for Wyoming.

I am also advised this evening by your Committee, that an invitation is

extended to me to address the Legislature at three O'clock P.M. monday November 24th I regret exceedingly that an important engagement made some time since necessitates my presence in Denver Colo, on the day mentioned, But for this engagement which cannot be deferred, I would be very glad, to appear before you in person to thank you for the distinguished honor conferred upon me, by my election to the United States Senate.

Permit me to express to you, through this letter my profound and most grateful appreciation of your confidence in me as shown by the preferment.

In accepting the position I cannot but recognize its great responsibilities. It is a public trust placed in my hands, not for individual benifit - but commanding and requiring constant labor and untiring effort to advance the interests of all the people of Wyoming - The duties of the office will at all times and under all circumstances receive the closest attention, and the highest ability which I can command -

Very Respectfully
Your Obedient Servant

Majority Report of
Special Auditing committee.

To the Honorable
President of the Senate and
Speaker of the House of Representatives
Gentlemen:

We, the majority of your committee appointed in accordance with Senate Joint Resolution number two to inquire into the accounts of the Office of the Auditor of the Territory of Wyoming and the State of Wyoming since the 31st day of March, 1890, beg leave to report as follows:

We find that the late Auditor of the Territory of Wyoming W. H. Truitt and C. W. Burdick Auditor of the State of Wyoming, have since the 31st day of March, A. D. 1890, issued

certificates of indebtedness as provided by Section 1711 of the Revised Statutes of Wyoming, on account of vouchers drawn and sworn to in accordance with law, the issuing of which certificates of indebtedness became necessary owing to the failure of the 11th Legislative Assembly of the Territory of Wyo to make necessary appropriations for the purpose of paying the salaries of the Territorial officers and other expenses of the Territorial government authorized by law. We find that said certificates of indebtedness, with certain exceptions to be hereinafter enumerated, were drawn on account of properly attested vouchers now on file in the office of the Auditor of State and that said certificates of indebtedness have, with the exceptions above referred to, when drawn as certificates of indebtedness for the salaries of the Territorial and State officers, in no case exceeded the amounts of such salaries as established by law, and the certificates drawn to represent indebtedness for contingent and other necessary expenses of the Territorial and State Government have in no case, except before to be hereinafter enumerated, exceeded the amounts appropriated and provided by the 10th Legislative Assembly of Wyoming for a like period of time, and for indebtedness necessary to the proper maintenance of the State and Territorial Governments. The certificates above referred to appearing to your committee to be clearly unauthorized by law or in the line of expenditures not having the sanction of precedence, are as follows.

Certificate Number 37, in favor of C. W. Stewart, dated July 7, 1890.

(To salary for services of deputy auditor and ex-officio insurance commissioner for the quarter ending June 30, 1890) amounting to $300 cc. Your committee find no authority in the law for the payment of a deputy auditor, While it has been the custom of one at least of the State officers, to pay for necessary clerical help out of the contingent fund of his office, the amount so paid has never, together with the other contingent expenses of the offices, exceeded the amount of the appropriation for said contingent expenses. The above mentioned certificate appropriates the sum of $100.00. per month for the service of a deputy auditor, While the last appropriation for all contingent expenses of the office was only $800.00 for two years,

Furthermore, Chapter 64, Section 1, Session Laws of 1888. provided that the Territorial auditor shall be ex-officio insurance commissioner, and allowed certain fees in connection therewith.

No provision is made for any additional salary, Certificates number 61, 62 and 63, drawn in favor of C. W. Stewart, amounting in all to $444.50.

The vouchers, five in number on which these certificates were drawn, contain the following items, viz:

To box rent for qr. ending July 1. 90.	$ 1.50
To fifty two cent postage stamps	1.00
To post-office box rent qr. ending Sept 30-90	1.50
Bill to furniture in Auditors office	240.50
To salaries for services as deputy auditor for July and Aug. -1890.	200.00
Total.	$ 444.50

The above vouchers are found fastened together with a notation as to the number of the certificates which were drawn

STATE OF WYOMING.

to represent indebtedness accruing by reason of same, on the back of one of the vouchers The above certificates are for the following amounts
Certificate 61. — $50.00 Certificate 62 - $60.00.
Certificate 63 — $34.50
Your committee believe that the above mentioned certificates were not issued as authorized by law, for the following reasons:
First Section 1711 of the Revised Statutes relating to the issuance of certificates of indebtedness recites "In all cases where the law recognizes a claim for money against the Territory and no appropriation shall be made by law to pay the same the Auditor shall audit and adjust the same and give the claimant a certificate of the amount thereof." These certificates were not drawn for the amount of any one or more of the vouchers which the purport to represent, though the amount of the three certificates equals the amount of the five above enumerated vouchers.
Second Section 1733 of the Revised Statutes recites "And the Territorial auditor shall in no case draw warrant on the Territorial Treasurer except on account itemized and with each item dated." We find among the vouchers above enumerated, one Aug. 30. 1890 "for sundry items of furniture now in the Auditor's office," which voucher has not been itemized within the meaning of the law. The failure to price each item invalidating the voucher, in the opinion of your committee.
Third, the voucher for $200.00, included in the above mentioned package of vouchers, as follows: "to salary for service for deputy auditor for July and august, 1890." We find no authority for the payment of the same in Law. The remaining vouchers above referred to amounting

No $4.00 for postage and post-office rent are manifestly just claims against the State.

Certificate No 65, issued to C.W. Stewart, dated March 1, 1890, to salary for services for deputy auditor and ex-officio insurance commissioner of the Territory of Wyoming, from the 31st of March 1888 to March 31st, 1890, "Amounting to $ 1200.00?"

Your committee respectfully submit that in their opinion this certificate is not a just claim against the State for the following reasons, viz:

First, as above stated, we find no provision in the law for the payment of the salary of deputy auditor or ex-officio insurance commissioner, except that in case of the latter office certain fees are allowed.

Second, that the period of time covered by the said voucher, for which certificates were drawn, is that covered by the appropriations made by the 10th Legislative assembly, expressly providing for the salary and contingent expenses of the Auditor's office, which amount so appropriated was drawn and used during the period named.

Certificate number 72 in favor of D.W. Gill, "to salary to services for deputy auditor for September 1890," $100.00

Cash paid for box rent $1.50

Your committee find no authority in law for the payment of the $100.00 aforesaid, and for the reasons before stated in regard to salary for deputy auditor.

The sum of $1.50 for Cash paid for box rent is in our opinion a just claim against the State.

Certificate 103, issued to D.W. Gill, "to services as deputy auditor from

STATE OF WYOMING.

October 1st to November 7th 1890. $122.20.

5 Quires legal cap "dalid Nov 7th "90" $1.50

Your committee respectfully submit that in their opinion this ~~sidin~~ ~~of $122.20~~ is not a lawful claim against the State, for the reasons before stated in regard to salary of deputy auditor, that this claim of one dollar and fifty cents for five quires of legal cap is a just claim against the state. Certificate number 104 in favor of M. N Grant, dated October 3rd 1890 "to amount paid out for clerical services from March 31st 1886 to april 1st 1890 $2400.00.

Your committee respectfully submit that in their opinion this certificate is not a lawful claim against the State of Wyoming, for the reason, that the period of time for which said indebtedness for services was claimed to have accrued, was the same period of time for which the 9th and 10th Legislative assembly's of the Territory of Wyoming appropriated moneys for the payment of all salaries and necessary contingent expenses of the Auditor's office, and the amounts of said appropriations were used and drawn during the period for which said appropriations were made Your committee having carefully examined the above enumerated certificates of indebtedness, numbers 37, 61, 62, 63, 65, 72, 102 and 104 beg leave to report that we find no provisions in law authorizing the payment of same except however, that the several items contained in the above mentioned vouchers which your committee have enumerated as lawful claims against the State of Wyoming, should be paid on presentation of proper vouchers covering same

Yours committee recommends that a deficiency appropriation of $1000.00 be made to cover the period from March 31st A. D. 1890, to march 31st A. D 1891. on account of which the Auditor shall be authorized to issue warrants for clerical help since March 31st, 1890, on properly drawn and executed vouchers, not to exceed $50.00. per month for said clerical help and for any other necessary contingent expenses which may have accrued during the period mentioned. Your committee recommend that a contingent fund of not less than $1200.00 per year be set aside for the use of the Auditor's office. The volume of business transacted in said office cannot be properly performed with a less contingent fund. The business of the various boards of which the State Auditor is Secretary, as well as the Ordinary work of the office necessitates a considerable outlay of money for stationary, and at the same time the business of the office cannot be properly attended to for want of proper stationery, and the office is sadly in need of furniture and fixtures necessary for the carrying on of the business transacted therein, and in keeping with the building in which they are situated

STATE OF WYOMING.

Minority Report of Special Auditing Committee

To the Honorable.

The Senate and House of Representatives of the State of Wyoming:

The undersigned, who was appointed by the Honorable Speaker of the House as a member of the committee to investigate the accounts of Hon. M. N. Grant, late Auditor of Wyoming, and to report the same to you, submits this minority report viz:—

1st The committee has made such investigation and this member of the committee concurs with the majority in the approval of claims made by them.

2nd This member of the committee also approves of the issue of the certificates of indebtedness rejected by the other members of the committee, and recommends that an appropriation be made to pay the same in full, and in this connection call your attention to the following facts,

1st The appropriations made heretofore of $1,200.00 per annum for salary and $400.00 per annum for contingent expenses, not been sufficient to provide a fair compensation for the actual work done, and to procure suitable offices, heat, light, furniture, and other necessary supplies for the conduct of the State Auditor's office.

2nd That on the 8th day of March 1895 a law was enacted consolidating the department of insurance with that of the Auditor. Prior to the consolidation, the insurance commissioner received all the fees from his department, as compensation, and an appropriation of $300.00 was made for contingent expenses. By the law of consolidation the fees were principally covered into the Treasury and no

contingent appropriation was made. While, Mr. Grant performed the duties of the department of insurance he has paid to the Treasurer, according to the Treasurers receipts, the sum of $3370. as fees received from the insurance depart=ment.

2nd In this connection are cited Chapter 64 Laws of 1888, Laws of Congress affecting Territorial Government 21. clause of 2, Section on pages 38 and 39 Revised Statutes.

3rd Appended hereto is a copy of the claim for furniture, the furniture can be seen in the office and vault of the Auditor. Section 1692 of Revised Statutes provides for the furniture to be purchased at public expense, Furniture seems to me to be necessary in the office to enable the public business to be trans=acted and neither the items of furniture stated in the bill nor the amount paid seems to me to be extravagant.

4th The Attorney General appeared against the territory in a suit involving not only the $75.00 at issue but the principle of paying all appropriations made for contingent expenses for the several officials amounting to many thousands of dollars and the Auditor would have become personally liable if he had not defended in the case. That was in this defense that the certificate for for attorneys fee was issued.

5th The work of the Auditor's office has grown in the general growth of Wyo the creation of new offices and of new counties, and additional duties have been added at various times, to that of auditing claims and super=vising the revenue, until now the Auditor, beside these duties and the

charge of the department of insurance, is as member of several boards, such as boards of Equalization and assessment, School lands, University lands, Capitol building commission Etc, all of which add new duties and responsibilities as well as a vast amount of work

6th The law provides for the appointment of a deputy Auditor and Ex-officio Insurance commissioner, and the proper conduct of the business of the office requires this help. Mr. Grant appointed Mr. Stewart as such deputy from March 31, 1886 to August 31, 1890, and Mr Gill in the same capacity from Aug 31, 1890 to Nov 8, 1890.

Under this appointment Mr Stewart provided an office, light, and heat from March 31, 1886, to August 1889 the furniture used in the office from March 31, 1886, to August 31, 1890, and that he devoted his whole time to the duties of the office from the date the department of insurance was added, something over two and one half years. Mr. Gill did similar work from the date of his appointment. That for the office, heat, light and furniture provided and for the services Mr. Grant and his deputies performed the appropriation of $1200.00 per annum. for salary and $400.00 per annum for contingent was not anything like a fair compensation, or in keeping with the appropriations made for the salaries and contingents for the other various State officers, whose the service performed and the responsibilities, are considered.

7 Mr. Grant has drawn his salary

since March 31, 1890, at the rate of $1000.00 per annum, instead of $1200.00 or instead of $2000.00, since the constitution was adopted.

Believing that Mr Grant, should be reimbursed for that part of his salary advanced to his deputy; that the deputies should receive a fair compensation for their services, actually performed by them, and that the furniture and attorney's fee were necessary and not extravigent, I recommend that an early appropriation be made for the payment of each certificate of indebtedness, issued by Mr. Grant

Very Respectfully submitted by

A L. Sutherland

"Gentlemen"
Your committee appointed to select a design for the Great Seal of the State of Wyoming beg leave to submit the enclosed designs, drawn by the parties mentioned below-

No 1. Designed by Mr. H. E. Buchner
" 2. " " " Mrs Hr. Jenkins
" 3. " " " Mrs E W. Dana
" 4 " " " Mrs E B. Ross.
" 5 " " " Mrs. I Bond.

We desire to call attention to the description of the different designs as pressented No 1 Designed by H. E. Buchner represents the Great Seal. in its actual size as it should be in Seal. press. of a circle 3⅛ inches in diameter, with a plain band ⅜ of an inch bearing the wording "Great Seal" on top and "State of Wyoming on lower half of band in letters 3/16 of an inch. The centre 2¼ inches showing in the lower half a fine landscape of one of Wyoming's Valleys with its flowing streams through its centre, with cattle grazing, rolling land with ranches, the farmer with his plow, cultivating the soil, to the right is an oil derrick together with tanks and buildings, Symbolizing the oil interests of the State, on the left is a Mountain range with a wagon road leading thereto; there are Mills and reduction works shown, Prospect holes in Mountain sides with ore dumps and Etc. - this landscape which is Emblamatic of the chief Interests of the State such as the cattle, Ranching, Farming, Oil and Mining Industries, is surrounded by a ribbon-like scroll reaching from both sides leading to the centre: band upholding the platform of the State of Wyoming - "Equal Rights" - The figure of a woman standing erect thereon, holding in her left hand a shield, her right arm uplifted, the broken chain with which her sex was bound hanging in pieces from her bare arm, and her finger pointing heaven-ward to a star "44", To the left is

STATE OF WYOMING.

the date of the organization of the Territory (1869) and to the right that of the admission of the State (1890),

No 2 by Mrs Th. Jenkins.
Represents Letter W. in large size covering the centre space, with star "44" on centre of letter, Scale of Justice and school-house above, Plow and Wheat sheaf, to the left, and several cattle lying down on the right, A miner with pick to the centre, below the latin words "Primis Inter Pares" over all and the wording, Great Seal of the Wyoming on top, and July 10th 1890 on lower half of circle

No 3 by Mrs Dana
Represents a shield in colors red, white, and blue, the upper part thereof, is a Mountainous scene with the wording -Esto-PerPetua- over the centre and the dates 1868–1890 in either corner, this part in blue, the centre stripe is white bearing the word Wyoming and 44 little stars thereon, the lower part, in red. had the words - Equality - across it.

No 4 by Mrs E.B. Ross
Represents a centre with the number 44 thereon surrounded by stripes with a plate - Progress - on top and - Equal. Rights - below - encircled by 44 little stars the whole forming the centre of a shield, on the upper corners of which are, Two Bulls Heads and in centre thereof a pair of Elk Horns with the date A.D. 1890, in the lower point of shield are the letters Wyo in Monograms, the whole being encircled by a rope.

No 5 by Mr Boyd

a large circle bearing the words Great Seal on top and State of Wyoming below the centre represents a woman standing on the globe of the earth where the State of Wyoming is represented holding in her right hand a burning lamp, her left hand reting on a shield, at her feet with the Motto "Political Equality for all" Encircling the top.

Your Committee beg leave to recommend the adoption of Design No 1 by Mr Buechner it being the one most suitable, Emblamatic as it is of many of our Industries and Etc, together with the dates and the Mottoes. We therefor advise that the Honorable Senate and House of Representatives of the First Legislature of the State of Wyoming adopt the same

Speaker House of Representatives
Sir:-

After careful consideration of House bill 14 - known as Enrolled Act No Three, being an Act fixing the compensation of the members and officers of the Legislature and providing for the payment thereof. I am constrained to return the same without my approval, and to call to your notice the objections which appear to the act in the form in which it is brought to my attention.

The Act presumes on the part of the Secretary of State, as certifying officer, an official knowledge, which under the circumstances surrounding his office he cannot possibly have, until the Session of the Legislature is over and the records

are turned over to his official keeping. The members admitted by the report of your committee on credentials and qualified; the presiding and minor officers and assistants; the actual attendance of members, and the time of service of officers are essential data, in carrying out the provisions of the Act,-- data only to be found in the records of the Legislature itself; and the presiding and recording officers of the two Legislative bodies are the official custodians of such records during the Legislative Session and until its close, and alone can certify to the necessary facts.

I have also to call your attention to the fact that probably through some clerical error, the last clause of Sec 4 of the Act has been rendered absolutly meaningless.

Very Respectfully

To the Honorable Speaker of the House of Representatives
Your committee No 3 To whom was referred the majority and minority reports of the special joint committee appointed to examine the accounts of Hon. W. N. Grant, late Auditor

STATE OF WYOMING.

having thoroughly examined said reports and upon full investigation of the facts, beg leave to report as follows:

We recommend that the following appropriations be made to discharge the indebtedness of the State to said U. N. Grant.

1st To cover miscellaneous expenses incurred from March 31, 1890, to Nov. 8, 1890, $65—

2nd To cover expenses incurred for attorney's fees $100—

3rd To cover expenses incurred for rent of furniture $120.25.

4th To cover expenses incurred for clerical work from March 31, 1890, to Nov 8, 1890, $723.70

5th To cover general expense incurred from March 31, 1888, to March 31, 1890, 24 months @ $75 per mo $1800—

Item No 4 represents monies paid or due to C W Stewart & D W Gill for clerical services performed from March, 31, 1890, to Nov 8, 1890.

We believe this amount to be a fair and just reimbursement for actual and necessary expense incurred in discharging the duties imposed by law upon the office of Auditor. The special Joint committee, whose reports we have under consideration recommend unanimously that appropriations be made to cover like expenses to be incurred by the present Auditor viz: the sum of $650.— to cover the period from Nov 8, 1890, to Jan 1, 1891, and the sum of $1200— per year thereafter.

Auditor Grant in his report to this legislature recommends an appropriation for this purpose of $1400.— per year, for the use of his successor, Auditor Smith in his report in 1886, recommends an increased appropriation for this purpose. Since that time the duties of the office have vastly increased. Item No 5 amounting to $1800— covers the two year period ending March, 31, 1890, this sum represents $1200.— actually paid out by the Auditor to C.W. Stewart for necessary clerical work in the office

asked to be appropriated in addition to make up a total compensation to said Stewart of $75,- per month for such work. We do not recommend the payment at this time of the sum of $1200,- claimed for moneys paid out for a similar purpose from March 31, 1886, to March 31, 1888, for the sole reason that it does not appear that the auditor made a proper and timely effort to have this amount allowed by the Tenth Legislative assembly which met in 1888, and which should properly have disposed of this claim.

The same objection does not apply to the claim for the two year period ending march 31, 1890, for the reason that it appears that the auditor properly and seasonably presented the claim to the Eleventh Legislative assembly and that, after full investigation by the Auditing Committee and other members of said assembly a bill was prepared and introduced covering such deficiency and making an appropriation for such purpose The chairman of the ways and means committee to which said bill was referred, failed or refused to report the same to the House and provision for the payment of this indebtedness was thereby defeated. We are entirely satisfied, as was the auditing committee of the last preceding Legislature, that the claim is a perfectly just and proper indebtedness of the State and that it should be paid.

A vast amount of additional and unusual work was imposed upon the Auditor by the Legislation of 1886 and 1888, and no provision was made to cover the extra work and expense.

The Auditor's duties as Insurance commissioner member of the Capitol commission, and member of the board for leasing school

and university lands were very arduous and exacting, and in fact were almost doubled in the aggregate as compared with previous years,

The bill introduced in the last Assembly proposed to turn over the insurance fund paid into the Auditor's office instedd of making an appropriation for a stated sum and for this reason no bills were presented by the Auditor. The appropriation then proposed, somewhat exceeded the amount now claimed.

The appropriation asked for is not unusual or extraordinary, similiar appropriations having frequently been made by former Legislature for like claims.

All of which is respectfully submitted.

The following messages were received from the Acting Governor

STATE OF WYOMING.

Executive Department,
State of Wyoming.
Cheyenne Wyo. January 7. 1891.

Hon. Speaker of the House

Sir:

I have the honor to inform you that I am in receipt of telegraphic request for arms, ammunition and troops from every town in the northern and northeastern part of this State, for the purpose of protection against threatened Indian outbreaks.

I have heretofore shipped arms and ammunition to two or three points, being all on hand available, but the demand for protection has within the past day or two become so urgent that I now deem it my duty to present the matter to your honorable body for such legislative action as you may deem proper.

Should the gravity of the situation become such as to make it the duty of the Executive to order the militia of the State to proceed to the vicinity of threatened hostilities, means to provide for transportation and subsistence of troops would be imperatively necessary.

I would therefore suggest that a Provisional appropriation of at least $5,000.00 be made to meet such possible contingency.

Very Respectfully
Amos W. Barber
Acting Governor.

Executive Department.
State of Wyoming.

On motion of Mr. Bond, the House stood in recess to 1:30 P.M.

Afternoon Session.

The following report was received from the special auditing committee:

Cheyenne Wyo., Jan. 8th 1891.

To the Members of the Senate and House of Representatives,

Of the First Legislature

of the State of Wyoming,

Gentlemen:

Your committee elected in accordance with the provisions of Sec. 6. of Chapter 64 of the Session Laws of 1888, to examine the accounts and records of the State Auditor and State Treasurer from Nov. 10th 1890 to January 8th 1891

(the date of this examination) and report the result of such examination to each House of the first state legislature, with such explanations and recommendations as we may deem necessary, beg leave to submit the following as our report:

Our examination has been critically and carefully made, Explanations have been demanded and required in all instances where they seem to be essential to obtain an understanding of the various transactions in the respective offices, and the information has been cheerfully and fully given to your committee: as a result we believe we are fully advised upon the several subjects embraced in this report.

First. The Treasurer's Office.

The Treasurer's books accounts, vouchers and receipts have been carefully checked footed and examined and compared in detail with corresponding transactions in the Auditor's office. They have been found correct in every particular. No money has been paid out except upon duly credited warrants and when balances were contained in the appropriation to pay the same.

The Treasurer's books show on January 8th 1891 a total cash balance $195,516.94. This amount was found in the Treasurer's hands and correctly apportioned in the following funds.

General Fund	$142,068.77
Capitol Building Fund	" 4,754.83
Penitentiary Building Fund	" 1,814.88
Poor Asylum Fund	" 549.72
Hoch Indemnity Fund	" 7,047.02
State Bond Tax	16,105.14

STATE OF WYOMING.

Insane Asylum Tax $6,850.47
University Tax " 13,962.96
Capital Tax " 3,365.16

Second. The Auditor's Report.

The Auditors books, accounts, vouchers, bills and receipts have also been carefully checked footed and examined and were found correct in all instances. No warrants or certificates of indebtedness have been drawn without a corresponding vouches and so far as your committee could ascertain neither have been issued without express authority of law. The balance of cash as shown by the Auditor's books on January 8th 1891 is $113,444.95 The difference in Cash between the Auditor's and Treasurer's accounts is accounted by the following causes: First; There are warrants issued and not yet presented to the Treasurer for payment. Second: Treasurer's duplicate receipts issued to various counties have not yet been returned to the Auditor, under the law just passed by the legislature authorizing the Treasurer to issue his receipt in triplicate two of which shall be ~~to~~ in the future obviated.

Capitol Building Fund.

We find that there is now in the Capitol building fund a balance of $4,754.83 of this amount $45.68 is subject to draw by the Capitol building Commission. This leaves a balance of $4709.18 in said fund and your committee recommend that the above amount be covered into the general fund of the state.

Publishing Reports ~~and~~ of Auditor and Treasurer.

In making our examination, your Committee have become convinced that at least the Auditor's and Treasurer's reports should be published prior to the convening of each legislative assembly and a copy furnished every member thereof. This could not but readily open more intelligent legislation on the fiscal affairs of the State and we would respectfully recommend a small appropriation for this purpose

Respectfully Submitted
Robert Strick, Chairman
W. F. Dunn, Secy
R. H. Hall
